Literacy 2019-2020

## Focus on Digital Literacy

DIGITAL LITERACY

This year Literacy and Numeracy are Going Digital!!!

This year's aim in the Comp is to get everyone 'engaged, literate, and responsible in the digital arena'

The whole school community can keep connected with the Website, the App, Google Drive and even the Literacy and Numeracy Board!

We're starting this term with some common terms we often see but might not really understand …so, learn the lingo and make this term all about the TERMinology!!!!!

Common Keywords and Digital Terminology

DIGITAL FOOTPRINT

BLOG

My digital footprint

anti-bullying works

Whenever you go online you leave behind information about yourselves.

This is referred to as our 'digital footprint'.

Blog /blog/

def: A website where a writer or group of writers chronologically express their opinion on a subject

digital cookie

A small text file (up to 4KB) created by a website that is stored in the user's computer either temporarily for that session only or permanently on the hard disk (persistent cookie). Cookies provide a way for the website to recognize you and keep track of your preferences.

[[Wiki]]

What are Wikis?

Definition of a Wiki

"Wiki is a piece of server software that allows users to freely create and edit Web page content using any Web browser.

Wiki supports hyperlinks and has a simple text syntax for creating new pages and crosslinks between internal pages on the fly."

HYPERLINK

Link

URL

A link from an image, button, or hypertext to another part of the same web page or another web page

HYPERLINK

Click on 'Kittens' and it takes you to another page with an image of kittens.

Kittens are not toys. They have needs and feelings. Do not give them as presents.

One web page

Another web page
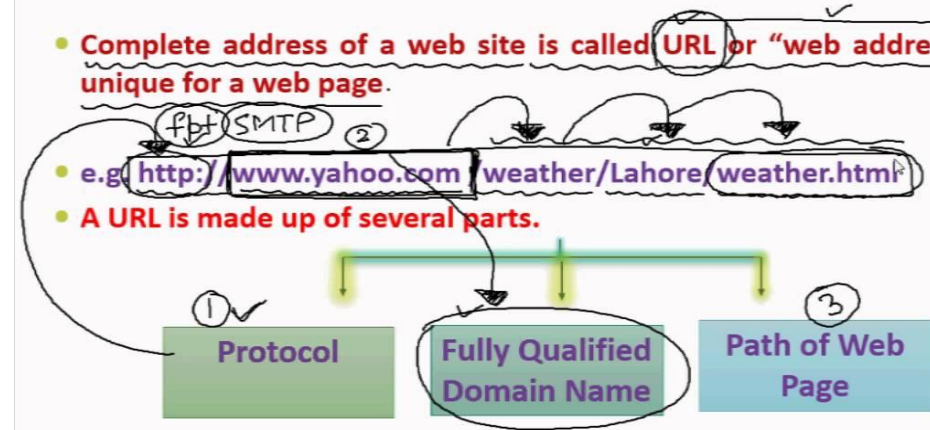

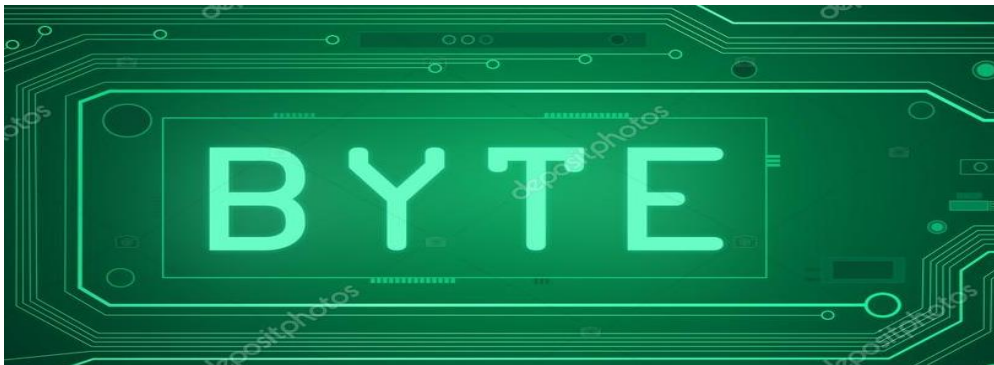

'Link' or 'Hotlink' mean the same as 'Hyperlink'

Chapter-10: Fundamentals of Internet

Uniform Resource Locator (URL)

- Complete address of a web site is called URL or "web address". It is always unique for a web page.

- e.g. http://www.yahoo.com/weather/Lahore/weather.html

- A URL is made up of several parts.

Protocol

Fully Qualified Domain Name

Path of Web Page

Tools   Help

URL: http://www.internet.com

BYTE

BYTE:-The byte (pronounced /ˈbaɪt/) is a unit of digital information in computing and telecommunications. The size of a byte is typically hardware dependent, but the modern de facto standard is 8 bits, as this is a convenient power of 2.

Simple pictures and symbols made available for free to computer users to add to documents

POW!

ZAP

DEBUG: find and fix mistakes in a computer program

Download

File Download

February 7, 2011

Download

Definition:
To download a file is to get it from someone else's computer, over a network, and save it on your own computer or floppy disk.

Explanation:
Download means "receive." You can download many kinds of files from the Internet, including images and software.

Sentence:
"Let's download the image of Lincoln."
