

# ISTA Biodiversity Photo Competition

Secondary school students are invited to submit a photograph taken by themselves during the period from October 14<sup>th</sup> to November 16<sup>th</sup> 2020. The theme of the photograph will simply be 'Biodiversity'. The photo must be uploaded to the Google Form linked below by midnight on Monday November 17<sup>th</sup> (entrants must have a Google account to upload their photograph). Students must submit the requested details on the Google Form... e.g. School, Science Teacher etc. This will also include a paragraph, of not more than 800 characters, on how the photograph relates to the theme 'Biodiversity'. The written details in this piece e.g. the names of the organism(s) present, will be important in the judging process.

## [ISTA Photograph Competition](#)

Photographs will be shortlisted by an ISTA committee. The winning photographs will be decided by Irish Biologist and TV / Radio personality Éanna Ní Lamhna. The judge's decision will be final.

## Prizes

### First place

An APPLE 10.2" iPad (2020) - 128 GB, Silver for the student with the winning entry. A visualizer for the Science Department of the winning student's school.

### Second place

€200 One4all voucher for the runner up.

### Third place

€100 One4all voucher for the third placed photograph.

ISTA branches around the country may also offer prizes for the winning photographs from their local areas.
